- HTML5
- CSS3
- Bootstrap
- JavaScript
- jQuery
- AJAX

Database

- MySQL
- PostgreSQL

Authentication & Security

- Role-Based Access Control (RBAC)
- Multi Authentication
- API Authentication

Third-Party Integrations

- Payment Gateway Integration
- WhatsApp Business API
- OpenAI API
- Email Services
- Facebook API
- Instagram API
- Twitter (X) API
- LinkedIn API
- Pinterest API
- TikTok API
- YouTube API
- Mastodon API

Deployment & Tools

- Git
 - GitHub
 - Postman
 - cPanel
 - VPS Deployment
-

CORE COMPETENCIES

- Backend Architecture Design
 - RESTful API Development
 - Database Design & Optimization
 - Third-Party API Integration
 - Performance Optimization
 - Secure Authentication Systems
 - Bug Fixing & Maintenance
 - Production Deployment
 - Client Requirement Analysis
 - Agile Development
-

PROFESSIONAL EXPERIENCE

AyanshTech Solutions

Full Stack Laravel Developer

December 2021 – Present

Responsibilities

- Developed and maintained multiple enterprise-level web applications using Laravel.
 - Designed scalable RESTful APIs for web and mobile applications.
 - Built secure authentication and authorization systems using RBAC and Multi-Auth.
 - Integrated payment gateways, WhatsApp APIs, OpenAI API, and multiple social media APIs.
 - Designed and optimized MySQL and PostgreSQL databases.
 - Improved application performance through query optimization and efficient backend architecture.
 - Managed production deployments on Shared Hosting, VPS, and cPanel servers.
 - Worked closely with clients to gather requirements and implement business solutions.
 - Collaborated using Git/GitHub for version control and team development.
-

KEY PROJECTS
